**EMERALD**  
AUTOMATION

**International Automation & Innovation**

The **Carton Top Sealer (CTS-25)** is a top sealing machine. It is Allen Bradley PLC controlled with a PanelView Plus HMI system for easy operation. The machine was originally designed to handle small cartons with unusual flap lengths. It can be customized to run most configurations.

**Emerald Automation** integrates a diverse yet practical approach to machinery design to provide rugged construction complemented with state-of-the-art technologies. Whether it's developing a machine to supply a new market, or rebuilding existing machines with new technology, we will work to provide our customers with solutions that meet their individual needs.
