

# Pallet Dispenser

**EMERALD**  
AUTOMATION

**International Automation & Innovation**

## FEATURES

- ◆ Handles pallets up to 36"-48" in width and up to 48" in length
- ◆ Allen Bradley PLC controls
- ◆ Capable of up to 10 pallets/minute
- ◆ "Tool-less" Changeover

## CONSTRUCTION

- ◆ Heavy-duty frame & manufactured parts
- ◆ Powder coating finish
- ◆ UL 508A Listed Enclosure
- ◆ Easy-access Lexan guarding
- ◆ OSHA approved safety design

## OPTIONS

- ◆ Quick-disconnect field devices
- ◆ Stainless Steel packages available
- ◆ Wash-down options

The **Pallet Dispenser** provides pallets when needed by the production line. This machine has three faults that will stop the operation. These faults are "Low Pallet", "Pallet Empty" and "Pallet Discharge". A light stack (not shown) alerts the operator to these faults. An up and down switch allows for manual table adjustment.

**Emerald Automation** integrates a diverse yet practical approach to machinery design to provide rugged construction complemented with state-of-the-art technologies. Whether it's developing a machine to supply a new market, or rebuilding existing machines with new technology, we will work to provide our customers with solutions that meet their individual needs.

## MISSION STATEMENT

Emerald Automation aspires to provide uncompromised products for today's most demanding packaging and automation for local, domestic and international manufacturers and processors. We have an unrivaled approach to turning concepts into innovative solutions - whether it is for an entire system, a single machine or just a bottleneck in the production line. We deliver exceptional results by using simple, efficient and cost effective methods that are client focused.
