

# Trayformer

**EMERALD**  
AUTOMATION

**International Automation & Innovation**

Consistent and reliable tray forming requires an innovative and simple approach. The Trayformer selects a blank, from the stack, and erects the tray. The tray is then sealed by the Nordson Glue system and sent to the next machine in the packaging line.

**Emerald Automation** integrates a diverse yet practical approach to machinery design to provide rugged construction complemented with state-of-the-art technologies. Whether it's developing a machine to supply a new market, or rebuilding existing machines with new technology, we will work to provide our customers with solutions that meet their individual needs.

## FEATURES

- ◆ Pick, glue, form & seal 25 trays/min
- ◆ Allen Bradley controls
- ◆ Allen Bradley Servo Mandrel
- ◆ Color HMI interface
- ◆ Pallet loading capability
- ◆ Ethernet communications
- ◆ Display & corner post options available
- ◆ “Tool-less” Changeover

## CONSTRUCTION

- ◆ Heavy-duty frame & manufactured parts
- ◆ Powder coating finish
- ◆ UL 508A Listed enclosure
- ◆ Nordson Glue System
- ◆ Easy-access Lexan Guarding
- ◆ OSHA approved safety design

## OPTIONS

- ◆ Quick-disconnect field devices
- ◆ Stainless Steel packages available

## MISSION STATEMENT

Emerald Automation aspires to provide uncompromised products for today's most demanding packaging and automation for local, domestic and international manufacturers and processors. We have an unrivaled approach to turning concepts into innovative solutions - whether it is for an entire system, a single machine or just a bottleneck in the production line. We deliver exceptional results by using simple, efficient and cost effective methods that are client focused.
